

## MC Yacht new brokerage and management house

Tuesday, 27 October 2015

By Gemma Fottles

The Italian brand MC Yacht has announced their new brokerage and management house, MC Yacht & Co. International. The new division of the company will be dedicated to developing larger projects on the international market, and has offices based in Porto Mirabello in Italy as well as Miami.

MC Yacht & Co. International will provide 360-degree support to clients, including consultancy in yacht design and construction, managing services on board, planning and following maintenance, finding crew, dealing with pre-owned boats and their sale, brokerage, and the management of berths.

The founder of MC Yacht, Aldo Manna, states: *"Our close partnership with Ocea Yacht, the French shipyard with over 80 years of experience in steel and aluminum vessels, combined with our strong connections in the U.S., naturally brought us to look to important markets abroad. In addition, we are developing some innovative projects that – we believe – will immediately find a positive response. We have already finalised a concept for a large vessel series with the internationally known designer Fulvio De Simoni, intended to be the first in a series of maxi yachts developed by MC Yachts & Co. International. In the next weeks and months we will reveal the next steps of this new, challenging enterprise."*
